I'm a Storyboard and 2D Layout Artist, raised as 2D Traditional Animator. Love doodling. Freelance based in Florence.

I attended Scuola Internazionale di Comics from 2006 till 2010 - Traditional Animation bachelor. I find myself very comfortable in the boarding phase because I love to visualize stories, but I love character design and vis development too, I think preproduction is really fascinating in all its forms!

I enjoy my freelance life but I love to work in team, so feel free to contact me for work purposes and commissions!
